

# WOOLFOLK CONSTRUCTION, INC.

COMMERCIAL GENERAL CONTRACTORS

## BANKING

### Bank of Essex

With a portfolio of over 60 branch bank facilities, Woolfolk was eager to help the Bank of Essex with their new Route 360 location. The slightly elevated topography of this site, combined with a stellar architectural design, provided the Owner with a unique landmark. In typical fashion, Woolfolk Construction provided this bank project turnkey, in approximately 110 days.
